This journal is an Open Access publication and an article-processing charge (APC) is levied on articles that are accepted for publication by the Editors.

To proceed, please click View Publication Charges which will take you to another window in order to select the relevant payment option.

Once the payment option has been confirmed you will return to this page where you must select the Proceed button below in order to complete your submission.

If your institution, society or other organization is a member, the APC amount may be wholly or partly covered by the membership arrangement. For an article to be eligible for APC coverage through institutional membership, the author submitting the article must be affiliated with the member institution.

We provide a free open access funding support service to help authors discover and apply for article processing charge funding. Learn more [here](#).
